## NA-HA STONE TO BE REMOVED TO LIBRARY PLOT

(Special Star-Bulletin Correspondence)  
HILO, Nov. 12.—There was considerable discussion at the board of trade meeting on Tuesday last regarding the famous historical stones that are now lying on the property of John Scott near Hilo. The larger stone of the two, the Na-ha sacred stone, has a most interesting history, and the Rev. E. L. Desha states that he has among some old papers which once belonged to Joseph Polipol, a full history of the historic stone.

At the board of trade meeting the matter was brought up by George H. Vicars, who stated that he had been secured by Mr. Scott that the stone could be removed to the Hilo Library lot.

Mr. Scott stated that he had been appointed a committee of one to select a site for a large stone on the library lot, and that that could be attended to at a moment's notice. He added that he understood that some years ago a history of the stone was published in the Hilo Tribune and that he thought the issue of the paper in which the story appeared should be found and that the history should be copied and then reprinted in pamphlet form so that tourists and others could learn of the wanderings of the stone.

The Rev. S. L. Desha was seen regarding the matter on Wednesday and he said that he is sure that he has the history of the stone among his papers and that he will make an effort to discover the interesting document. He says that the Na-ha stone originally came from Waiwala, Kauai, and that it was transported to Hawaii on a big double canoe which made the voyage from the Garden Island in good time, although calling at many ports on the way.

FAST PAGE IS SET BY MACHINE GUN PLATOON AT HILO

(Special Star-Bulletin Correspondence)  
HILO, Nov. 12.—Some tall shooting was done by the Hilo machine gun platoon on Sunday last at the rifle range. Out of 15 shots with the rapid fire gun, 14 bulls' eyes were scored. The gun pointer was Private McKee and he made a perfect record. The first five shots were rapid-fire, and all scored bulls. The next 10 shots were slow-fire, and nine of the bullets made the bull's eye. That was "some shooting," and Colonel Easton was delighted with the showing made.

In all 63 points out of a possible 75 were made by the handlers of the machine gun. "We may not be able to play basketball," remarked one of the company, "but you can bet your life we can hit the bull's eye with the machine gun."

Although it was a wet day there was a good turnout of the men belonging to the platoon. They hauled the gun by hand from Hilo to the range, and then put in most of the day at work—forgetting to have any lunch, too.

A single tree owned by Charles R. Favor of Dexter, Me., yielded this spring enough sap to make two gallons of syrup. The tree is a large one, and the sap flowed freely for several weeks.
